SUNNY BORDER NURSERIES

Kensington, Conn.

Tel. New Britain Baldwin 3-4606

Dear Fellow Nurseryman:

Sunny Border Nurseries are located between Meriden and New Britain just a short ride from the Wilbur Cross Highway. We are always happy to have you visit our place when you are in this vicinity.

As we are situated in an industrial area it is becoming increasingly difficult to obtain trained employees. Under these circumstances it is difficult for us to prepare orders while you wait. If you give us a few days notice we can always have your order ready and in this way save your time as well as ours.

If you are interested in German Iris we have more than 15,000 plants in our fields. They start to bloom around the first of June and usually continue two or three weeks.

Our Daylilies are also exceptional and most varieties are in bloom from the middle of July to the first of August. At this time both the early and the later varieties should be at their best.

Sincerely yours

ROBERT BENNERUP
